

*“Standing in the winner’s circle with my family and friends after Prime Meridian won the California Derby was an amazing experience that I’ll never, ever forget.”*  
- Barbara Davis - Sebastopol, CA

## ***I’m interested, what’s the next step?***

This is an introduction to how Co-Ownership works, **not** a legal document or an offer to sell anything. Thoroughbred ownership is definitely not for everyone! We only offer Co-Ownership interests to people who can afford the loss of any part or all of their purchase price and whose primary interest is the entertainment value of racehorse ownership. If that sounds like you, please contact us for a personal introduction to our horses, our management team and a day at the races!

---

## ***Kenwood Racing***

*~ We turn thoroughbred dreams into reality.*

57 S. Main Street #340 Neptune, NJ 07753  
phone: 732.775.1930 fax: 732.775.1976  
info@kenwoodracing.com

*“Owning racehorses was a lifelong dream of ours. We were new to the business and Kenwood Racing got us started the right way.”*  
- Fred & Susan Mattes - Hollywood, FL

## **Benefits/Amenities Of Co-Ownership:**

Enjoy the pleasures of thoroughbred ownership including:

- Complimentary racetrack admissions
- Seating in private box seats and/or turf club tables
- Stable area access for morning workouts
- Paddock privileges to see your horse saddled
- Winner's circle photos and race DVDs
- Trips to elite race meets/sales at Saratoga, Keeneland and more
- Private parties with fellow owners

## **About Us:**

**Kenwood Racing** has won hundreds of races nationwide. The company is renowned for winning prestigious races at huge odds with horses purchased for very modest prices. Kenwood's stakes winners include Prime Meridian, who won the \$200,000 California Derby at odds of 16-1 and current stable star Hermosillo, who won the \$100,000 Charles Hesse Handicap at Monmouth Park in 2009 at odds of 35-1. These and many top horses were purchased for just \$20,000 - \$150,000 by Kenwood's management team. One of the leading owners at Monmouth Park, Kenwood enjoys excellent winning percentages with their runners. Founder & Chairman H. Robb Levinsky's approach to the thoroughbred industry is derived from over two decades of experience managing a diverse group of investments in addition to racehorses. Kenwood has received extensive recognition by local and national media as well as a T.O.B.A. award as one of the leading thoroughbred breeders in the country.

## **Turn your thoroughbred dreams into reality!**

Thoroughbred racing is a business like no other. Nothing short of owning a professional sports team can match the prestige and exhilaration of standing in the winner's circle with one of your horses. Kenwood Racing's co-ownership program offers buyers "a taste of thoroughbred ownership" for **a one-time payment of \$5,000 or less, with no additional expenses of any kind.** Co-Owners share in the cash flow while enjoying the pleasure and camaraderie of thoroughbred ownership for about the same price as season tickets to a professional sports team or membership in a golf/tennis club.

## **How It Works:**

Kenwood Racing packages a small group (generally 2-4) of horses and offers a limited number of people the opportunity to purchase a small Co-Ownership interest (generally 5% +/-) in the group. A 5% Co-Ownership interest would give the Co-Owner 5% of any profits or losses these horses collectively produce from the time the interest is purchased until such time as the last horse is sold or retired from racing. **Under no circumstances is any Co-Owner ever required to pay any additional money beyond the initial purchase price.** If expenses exceed income by more than the amount the Co-Owner initially paid, Kenwood absorbs the additional loss. **Kenwood invests our own money to purchase these horses** and retains a substantial (usually a majority) interest in them, so our interests are firmly aligned with those of the Co-Owners. Our willingness to invest alongside our clients sets us apart in the thoroughbred business.
